

AQUA Z MATTING

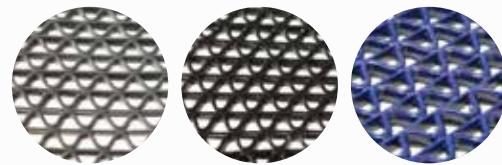

Aqua Z Matting is a low profile PVC matting available 900mm wide cut to any length you require. It is most suitable for around pools, in showers, on boats or anywhere on slippery floors. The zig-zag pattern allows for liquids to pass through leaving you standing on a dry surface. Available in 3 popular colours and two different thicknesses.

FEATURES

- PVC low profile
- Very durable construction
- Can be cut to custom lengths
- Ideal for any slippery surface
- Approx. 5mm & 8mm thick
